2. According to Salmon (1989:20), communication campaigns (or what he labelled a “social marketing”) which are often conducted under the guise of “public interest” should be examined more closely, especially on the underlying assumptions of the campaigners as well as the values they are implicitly and explicitly promoting”. He further said that many social marketing efforts “employ mechanisms of social control.”

Is communication campaign a mechanism of social control? By referring to the communication campaign project which you have chosen for the class, do you consider your project as an effort for “public interest” or “a mechanism of social control?” Discuss.

Menurut Salmon (1989:20), kempen komunikasi (atau apa yang beliau gelar sebagai “pemasaran sosial”) yang sering dilaksanakan di atas nama “kepentingan awam” perlu diteliti dengan lebih rapi, khususnya dari segi andaian dan muslihat perancang kempen serta nilai yang dipromosikan secara tersirat dan tersurat. Beliau seterusnya mengata bahawa kebanyakan pemasaran sosial adalah satu mekanisma kawalan sosial.”

Adakah kempen komunikasi satu mekanisma kawalan sosial? Dengan merujuk kepada projek kempen komunikasi yang anda telah pilih untuk kursus ini, adakah projek anda ini satu usaha untuk kepentingan awam atau satu mekanisma kawalan sosial? Bincangkan.
