PHS@ Al-Itqan: PHS Corporate Social Responsibility

PHS Corporate Social Responsibility (CSR) involving knowledge transfer, sharing of expertise and setting up a library activities for kindergarten and school was started in 2010 at Sekolah Kebangsaan Syed Idrus, Chemor, Perak. As an academic library of a prestigious university, PHS took the initiative to launch its CSR program as a way to contribute to the society.

Sekolah Rendah Al-Itqan , Teluk Kumbar, Pulau Pinang is the sixth school where CSR program is conducted by PHS. This is a private school operated with limited aid from government. The school provided small library for the students but the resources is inadequate. In fact, the use of school library was very little.

Realizing the fact, the school teacher who was responsible for the library was approached by PHS.

PHS team involving Jawatankuasa Hari Bersama Pelanggan and Jawatankuasa Kempen Membaca had organized several meetings, task force teams and programs in order to provide solutions to the school. Assistance by PHS included expertise sharing on best library management practice, collaborative activity to upgrade the interior design of the library, books donation and installation Open-Biblio Library System.

With assistance from PHS, the school library now has a new look. Library supported the Projek Nilam to encourage and cultivate reading culture among students. The library created awareness to the school management on the importance of having well developed library.

Since the library usage improved drastically, the budget allocation has been increased by the school management.

On 16 October 2014, Sekolah Rendah AL-Itqan launched their new library which had been renamed as Pusat Sumber Baitul Hikmah. The launching ceremony was officiated by Mr Ali Abd. Rahim, Deputy Chief Librarian, PHS. Before the launching ceremony, PHS team had organized Coloring Contest, Treasure Hunt and 'sukaneka' activities for the students.

Zoom in

Archaeology @USM Exhibition

Archaeology @USM Exhibition was organized on 1 November 2015 at Exhibition Area, Perpustakaan Hamzah Sendut 1 by the Centre for Archaeological Research Malaysia in collaboration with Perpustakaan Hamzah Sendut.

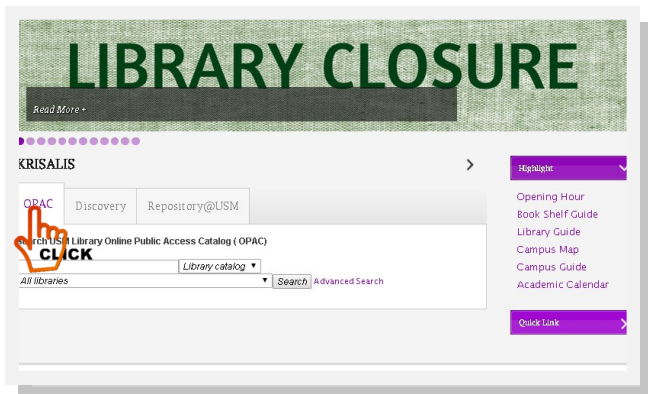

The objectives of this exhibition is to expose visitors to the centre and educate them with regard to the history and pre-history civilization in Malaysia. The exhibition took place from 1st until 27th November 2015.

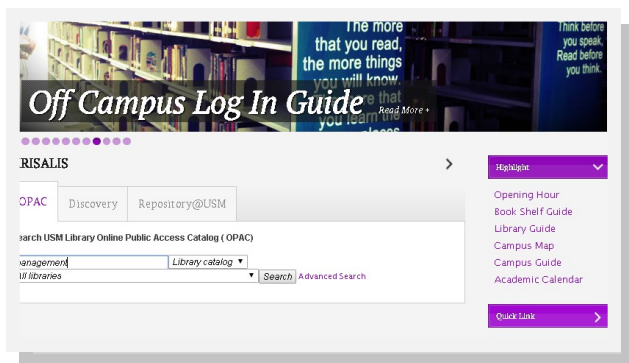

How to Find Books @PHS

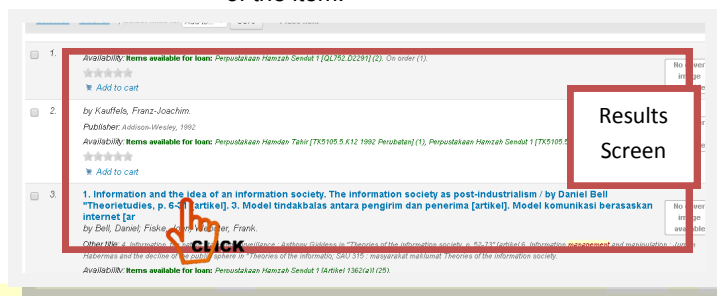

Go to library website : www.lib.usm.my. Click on Opac KRISALIS.

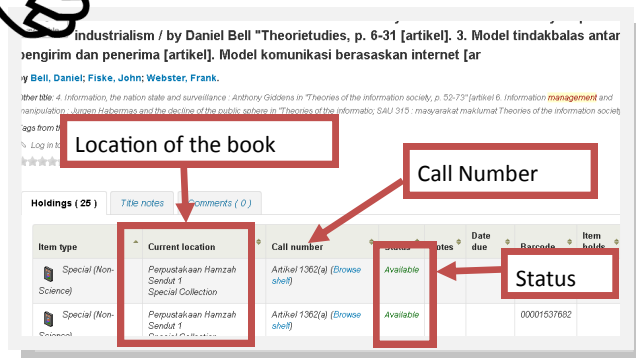

Type the title of your book and click "SEARCH" You may also type in the name of an author (e.g. Cather, Willa) or other search criteria.

The results screen will give you a variety list of books. Click on the title of the book to find out where the book is located. The books may be available at different library branches. To check this book out you will need to know the location of the book, the call number of the book and the availability of the item.

The location of the book

PHS	Hamzah Sendut Library (New Wing), Main Campus Penang
PHS 1	Hamzah Sendut Library 1, Main Campus Penang
PHS 2	Hamzah Sendut Library 2, Main Campus Penang
Pusat Islam	Pusat Islam Library, Main Campus, Penang
Kejuruteraan	USM Library, Engineering Campus, Nibong Tebal
Kesihatan	Hamdan Tahir Library Library, Medical Campus, Kelantan

The call number of the book

A call number is an address. It tells you where the books or other library materials are located within the library.

On the book spine, it appears vertically, making it easier to find a specific call number on the shelves. Each book (or other item) has its own unique call number, which is taped to the lower outside edge of the book's spine.

The availability

The books that you want may be circulated by others. Make sure the status of the book is "available" before you check on the shelves.

Happening@PHS
