 <p>THE BRITISH LIBRARY inside web</p>	<p>inside's searchable index contains article level information from more than 20,000 of the world's research journals, in all subjects, and over 100,000 conference proceedings. The inside database grows by over two million articles every year, and is updated daily.</p>

[SpringerLink]

SpringerLink (from the Springer Publishing Group) is divided according to field into 11 online libraries of life sciences, chemical sciences, geosciences, computer science, mathematics, medicine, physics & astronomy, engineering, environmental sciences, law, and economics.

JSTOR

Archive of >320 journals in 26 disciplines including African American Studies, Anthropology, Asian Studies, Ecology, Economics, Education, Finance, General Science, History, Language & Literature, Mathematics, Philosophy, Political Science, Population Studies, Sociology, and Statistics. (>800,000 full-text articles).

SCIENCE @ DIRECT

ScienceDirect Navigator
MEDLINE

ScienceDirect Navigator is the all-sciences database that contains bibliographic information from > 7,000 peer-reviewed journals in scientific, technical and medical fields. These STM subject categories include Agriculture and Biological Sciences, Biochemistry, Genetics, and Molecular Biology, Chemical Engineering, Chemistry, Civil Engineering, Computer Science, Earth and Planetary Sciences, Energy and Power Engineering and Technology, Environmental Science, Immunology and Microbiology, Materials Science, Mathematics, Medicine, Neuroscience, Pharmacology, Toxicology, and Pharmaceuticals, Physics and Astronomy, Psychology.

MEDLINE® is the National Library of Medicine's (NLM) premier bibliographic database containing >11 million citations (1966 to current) from >4,600 biomedical journals.

 Engineering Village 2

Compendex
CRC ENGnetBASE
Techstreet Standards
US Patent & Office
Espacenet; European Patent Office
Scirus

Compendex® is the interdisciplinary engineering database with 7 million records referencing 5,000 engineering journals and conference materials dating from 1970. The database is updated weekly.

CRC ENGnetBASE gives access to >140 engineering handbooks.

Industry Standards and specifications are from more than 300 organizations.

Patents: >6 million records from the US Patent and Trademark Office (1976 to date).

Scirus is a comprehensive science-specific search engine available on the Internet.

Internet Database Service

Cambridge Scientific Abstracts

Aerospace & High Technology
ANTE
ASFA
ASSIA
Linguistics and Language Behaviour
Abstracts

CSA's Internet Database Service provides access to more than 50 databases covering major areas of research, including materials science, environmental sciences and pollution management, biological and medical sciences, agricultural sciences, aquatic sciences & fisheries, earth & environmental sciences, biotechnology, engineering, aerospace sciences, computer science, sociology, market research and Arts & Humanities including linguistics.

 <p>ISI Web of Science Science Citation Index Expanded ISI Highly Cited.com</p>	<p>A multidisciplinary index, with searchable author abstracts, covering the journal literature of the sciences. It indexes >5,700 major journals across 164 scientific disciplines, with all cited references captured. Coverage from 1997 onward.</p>
	<p>IEEE Xplore provides full-text access to IEEE* transactions, journals, magazines and conference proceedings published since 1988 and all current IEEE Standards. *Institute of Electrical & Electronics Engineers</p>
	<p>ENVIROnetBASE: Environmental Sciences Electronic Library provides access to >100 full-text environmental resources with facts, figures, charts, tables, illustrations, formulas and rules of thumb. It offers references that are cross-referenced, fully searchable, hyperlinked, and cross-indexed. New books are added monthly.</p>
	<p>Ebrary is online access to books from leading publishers such as McGraw-Hill, Random House, Penguin Classics, Taylor & Francis, Yale University Press, John Wiley & Sons, Greenwood, etc. Subject coverage includes Business & Economics, Computers & Technology, Language & Literature, Social Science, Medicine, History and Philosophy.</p>
	<p>Emerald publishes a wide range of management and library & information services journals. Subject coverage spans a spectrum of management disciplines including: strategy; leadership; library and information management; marketing and human resource management; plus a substantial number of engineering, applied science and technology titles.</p>
	<p>PsycINFO® is a comprehensive resource covering all aspects of psychology, plus the behavioural aspects of education, medicine, sociology, law, management and other fields. PsycARTICLES® is a definitive source of searchable full text articles on current issues in psychology. The database covers general psychology and specialized, basic, applied, clinical, and theoretical research in psychology. It contains >30,800 searchable full-text articles from the American Psychological Association (APA) and affiliated publishers. Current coverage spans from 1988 to the present. PsycARTICLES provides electronic full text of articles and is a complement to APA's PsycINFO™ database.</p>

 <p>NSTP e-Media News Archive Factfiles</p>	<p>Information from The New Straits Times Press (Malaysia) Bhd. [NSTP] group of publications - News Archive since 1991, and Factfiles (KLSE listed companies, Personalities, Countries, Malaysian States and Information Malaysia).</p>
 <p>PALMOILIS</p>	<p>PALMOILIS is an online database service developed and hosted by the Malaysian Palm Oil Board (MPOB) to provide an information service on palm oil and oil palm. The system hosts 11 bibliographic and full-text databases.</p>
<p>SIRIMLINK Malaysian Standards Malaysian Patents Abstract MAST (Malaysian Experts in Sc. & Tech.) Regulations</p>	<p>SIRIMLINK provides access to a collection of technical information stored in SIRIM Bhd. (formerly Standards and Industrial Research Institute of Malaysia). Access is enabled to Library Online, SIRIMTECH, and SIRIM Online Directories.</p>
 <p>LawNet Law Library E-Gazette Istilah Undang-Undang (English & Malay)</p>	<p>Malaysia's Virtual Law Library: Laws of Malaysia Malaysia Gazette (a) Federal Gazettes (b) State Gazettes Legal terms & phrases</p>
<p>CD-NET (CD-ROM databases)</p>	<p>Intranet access to 16 titles of bibliographic databases covering Science & Technology (4 titles), Social Science & Humanities (4 titles), Education (1 title) and General (7 titles).</p>
