

First Semester Examination
2020/2021 Academic Session

February 2021

CPT111 – Principles of Programming
(Prinsip-prinsip Pengaturcaraan)

Duration : 2 hours
(Masa : 2 jam)

Instructions:

There are two **(2) SECTIONS**. **SECTION A** has twenty (20) questions and **SECTION B** has two (2) questions. The full marks for each question are shown in the bracket at the end of the question.

Answer **ALL** questions in English.

Write your Index Number and Identity Card on top of every page of your answers.

Copying and claiming other's work as yours or let your work to be copied are both academic crimes. No compromise will be given to those who refuse to comply with the rules and regulations of an online exam.

The time given for exam above is to answer the questions. You will be given an extra time to download the template and necessary document before the exam commence. You are also given 15 min time for submission. **Your inability to comply will render you an 'F' for the Final Examination's component.**

In case of any technical issues, kindly **report your issues** directly to us via **Telegram**. It is also imperative for you to **send us the screenshot as proof within the first 10 minutes** from the start of the exam. This is necessary in case you need us to offer a re-exam.
