## DIALOGUE

## INTERVIEW WITH DR. VYAGARAN

What do you think about the new ergonomics standards and guidelines of ITCs developed by the Ministry of Labour?

As far as I am concerned, the new ergonomics standards and guidelines developed by the Ministry of Labour are very good. They have been developed after consulting with ergonomists and industrialists.

What do you think about the new ergonomics standards and guidelines developed by the Ministry of Labour? They have been developed after consulting with ergonomists and industrialists. They have been developed after consulting with ergonomists and industrialists. They have been developed after consulting with ergonomists and industrialists.

They are very good approach for our work environment. They take degree-degree design. They take into account the needs of the workers and the needs of the organization. They take into account the needs of the workers and the needs of the organization.

What do you think about the new ergonomics standards and guidelines developed by the Ministry of Labour?
