**HTV 201 – Thinking Techniques**

Masa : 2 jam

**THIS EXAMINATION PAPER CONTAINS SIX [6] QUESTIONS IN TWO [2] PAGES.**

Instructions

This paper is divided into 2 sections  
Answer **ONE** [1] question from each section  
Each answer must not exceed three pages  
State clearly the thinking techniques which you use in your answers.

**Section A**

1. Reading interest among Malaysians is said to be still low. Using **creative thinking through analysis and design**, discuss how reading interest among Malaysians can be increased.
2. Of late, there has been an increase in the number of crimes against women who use public transportations. Using the **Concept Triangle** thinking technique, produce creative ideas on how we can ensure their safety and then discuss the ideas.

### Section B

3. Using **Six Thinking Hats**, discuss the feasibility of using English in the teaching of science and mathematics
4. Malaysia has constructed a number of international level sports infrastructures including Sepang F1 circuit and Bukit Jalil National Stadium. Using suitable **thinking styles**, discuss the effects of such constructions.
5. The public's response to the recycling campaign in Malaysia is not very encouraging although it is not a total failure. Using suitable **CORT 1 Thinking Tools**, identify the causes of the lack of response and discuss creative ways to encourage the society to be more aware of the campaign and participate actively in it.
6. The problem regarding the lack of interest towards education among secondary school students in Malaysia is said be increasing. The students are found to be spending more time in cyber cafes and entertainment centers than on their studies. Using **suitable thinking techniques**, discuss the problem and present appropriate suggestions on how to encourage the students to concentrate on their studies.
